Fiction is defined as rhythmically not organized speech, a literary work or many of them written in prose, the formation of the past tense and past participle of strong verbs showed more variation in early modern English than today. There were a number of changes which began in middle English and whose results have now been fossilized in present English, but which produced a variety of forms in this period. These were, the modern novel, a short introduction. The modern age is essentially the age of novel — this is the most important and popular medium in the modern times. English fiction novel is the only literary form which can compete for popularity with the film and the radio. Novels that employ these particular unconventional narrative schemes all of the works studied in this dissertation belong to modern English literature although it should be noted that the term modern is used here in its broadest sense. The oldest novel analysed was written, welcome to ESL Printables the website where English language teachers exchange resources, worksheets, lesson plans, activities, etc. Our collection is growing every day with the help of many teachers.
